

Fiscal Finance – Release Notes v6.12.14

New in this edition

AAS17 Lease Hire and Chattel Mortgage Module

1. Added additional security to the Financiers section to avoid deleting Financiers and assets accidentally.
2. Added ability to add a specific folder to save pdf reports to, as well as ability to add a specific folder for each client that may require one.
3. Added mid income rebate to income tax calculations.

More and more accounting staff are using notebook computers, and some of our screens display windows that are bigger than the devices monitors. We have now resized the majority of the windows, to ensure that you view the full window, and do not “lose” some of it, out of view.

Let us know if we have missed any, but we think we have changed all of them.
